

Purchase your practice rooms

Purchase your own practice rooms

Your practice rooms can be an important contributor to your business success. Purchase your own practice premises and you can create the patient friendly rooms you have always wanted.

By investing in your own commercial premises you may be able to convert rental payments into an investment for your financial future. Make the comparison – it's possible that Medfin's monthly repayments are similar to your current rental costs.

Medfin removes the hurdles placed in front of you by traditional finance companies. With our Practice Property Loan there's no need to worry about building up equity prior to the purchase. For approved customers, Medfin can lend up to 100% of the purchase price without requiring additional security.

Flexible payment options

If you are concerned about the cost of purchasing and setting up a new practice, why not explore Medfin's structured and interest only repayment options?

Sometimes finance options are presented in a way that's difficult to understand. Your Medfin Relationship Manager is always available to discuss in Plain English the different ways to custom design a repayment structure to suit your budget.
