

Post Graduate Freedom

Financial freedom means different things to different people. That's why Medfin would like to introduce you to Start Up.

Medfin's Start Up is a new package of financial solutions designed with the lifestyle needs of graduate doctors and dentists and vets in mind.

Once you graduate, your everyday life changes and along with it your financial needs. Start Up offers you finance for the purchases you need to make – both large and small.

With special pre-approved limits, Start Up is not available to just anyone. Start Up is available exclusively to graduate doctors, dentists and vets to provide finance solutions in their first year of employment.

Medfin's Start Up package offers you:

- A pre-approved **\$30,000** car loan¹
 - A pre-approved **\$10,000** credit limit
- Use your post graduate credit for a range of business expenses including:
A PDA or mobile phone, further education, legal and accountancy fees
- Special offers on your home or investment property loan
 - Access to personal and income insurance solutions

To start your life after graduation with financial confidence – talk to a Medfin Relationship Manager today about Start Up.
